

Correspondence with Polish Aeroclubs

Based on information found on the internet and in the AIP, we have sent email messages to all relevant aeroclubs in Poland. We informed them about Euroglide 2016 and asked what take off facilities there are (winch and/or tow), who to contact and if there are any planned events on the aerodrome during Euroglide.

This document contains the initial internet based information, and the information supplied by the responding aeroclubs.

Response	<p>Thank you for your interest in our airport. Of course, very willing "we will share" your airport for pilots participating in the project Euroglide. Below is the answer to your questions:</p> <ul style="list-style-type: none"> • What have you devices to start (winch or towing aircraft)? Two winch-reel rope synthetic PZL plane Gawron Wilga PZL plane (planned yet to be confirmed) • Who can I contact (mobile phone towing the remote control, etc.). Yes, there is a special call to duty instructor. • Are there any other projects planned at the airport during Euroglide 2016? Unfortunately yes. Events include:

	21-22.06.2016: Training Airplane National Team 23-26.06.2016: Lot 54 South-Western Polish them. Francis Zwirki 2-3.07.2016: III International parachute Cup Krakow them. Stanislaw Brewczyńskiego I will try to find out on Monday (4/11/2016), which of these events may affect takeoffs / landing gliders. Regards Marek Dlugosz

Response	<p>Dear Anton,</p> <p>Of course, we welcome Euroglide pilots and it will be a pleasure for us to host them on our airfield.</p> <p>The place is well communicated and we have hotels and restaurants in close neighborhood. There's also a small restaurant and a camping site on the airfield. Keeping the glider in a hangar is possible but requires prior notification - we have to arrange some space. Unfortunately, mostly probably a towing plane will be not available. However, winch launching is possible all the time - typical launch altitude is 400-500 m.</p> <p>If you have any further questions, please do not hesitate to contact me, my phone number is +48 791 221 186. You can also redistribute this number (as well as the e-mail) among pilots.</p> <p>Best Regards, Michał Dziewiecki Aeroclub of Radom</p>

Response	<p>Good morning :)</p> <p>With great joy I read the Lord mail, because I follow Euroglide invariably with great interest. The more it will be nice to welcome the crew that the weather will refer to our airport.</p> <p>I explain that our club has both planes towing and winch. We have paved and well-maintained, clearly marked with a grass runway.</p> <p>At the airport there are bar (mini-restaurant), campsite, there is also the possibility of accommodation in camping. Contact by phone or e-mail - preferably with me (in the footer below), or with an instructor Mariusz Siodłocznkiem - current contacts are available on the website.</p> <p>At the same time, I note that in the period from 28 June to 3 July will be played at our airline portion of the competition Pre World Games - will be held simultaneously Championships Paragliding, Glider Aerobatics and Canopy Piloting. This may cause a temporary traffic congestion traffic circuit.</p> <p>Current information about the remaining events can be found at www.wrocloveskyclub.pl</p> <p>I invite you to visit the airport Wroclaw - Szymanów. All crews will be received with open arms.</p> <p>Regards / Best Regards Marek Jóźwicki Managing Director Aero Club of Wroclaw mob: 601 727 996 www.wrocloveskyclub.pl www.aeroklub.wroc.pl https://www.facebook.com/AeroklubWroclawski/</p>
